2.) Experiment: Property Buying and Rental Process in Chennai City (Zoho Creator)

Aim

To design and develop a Property Buying and Rental Process in Chennai City using Zoho Creator that enables customers to search, buy, or rent properties, maintain customer details, and manage property bookings efficiently.

Procedure

- Log in to Zoho Creator.
- Create a new application named Property Buying and Rental Process in Chennai City.
- Create a form and add fields such as Customer Name, Email, Phone Number, Property Type, Transaction Type (Buy/Rent), Location, Budget, Number of Bedrooms, Property Size, Preferred Visit Date, Payment Method, and Booking Status.
- Configure dropdown fields with suitable options for Property Type, Transaction Type, Location, and Payment Method.
- Create reports to display customer requests and booking details.
- Add workflows (optional) to calculate the booking advance or security deposit automatically.
- Save and publish the application.

Implementation

The application was developed in Zoho Creator using a low-code approach. A property booking form was created to collect customer and property details. Dropdown menus were used to simplify data entry and reduce errors. Reports were generated to display all buying and rental requests. Workflow automation can be used to calculate booking advances for property purchases or security deposits for rental properties. The application provides an easy way to manage customer enquiries and property transactions.

The screenshot displays a web application interface for property transactions in Chennai. On the left is a dark sidebar with a 'PBA' logo and a menu of 'Property Buying and Rental Process in...' items. The main area is a form titled 'Property Buying and Rental Process in Chennai City'. The form contains the following fields: Name (First Name: 'sana', Last Name: 'M'), Phone (+91 8825927791), Property type (apartment), Transaction Type (rent), location (ECR), No of Bedrooms (3BHK), Budget (50,00,000), property size sq.ft (1200), furnishing status (fully furnished), payment method (UPI), and booking status (confirmed). A bottom bar shows the user 'sana fathima' and a trial expiration notice.

Field	Value
Name	sana M
Phone	+91 8825927791
Property type	apartment
Transaction Type	rent
location	ECR
No of Bedrooms	3BHK
Budget	50,00,000
property size sq.ft	1200
furnishing status	fully furnished
payment method	UPI
